

## **BEATTY WATER AND SANITATION DISTRICT**

101 N 2<sup>nd</sup> Street  
P.O. Box 99  
Beatty, Nevada 89003  
(775) 553-2931

### **JOB DESCRIPTION GENERAL MANAGER**

#### **DEFINITION**

To plan, organize, direct and review the overall activities and operations of the District; to advise and assist the Board of Directors; to represent the District's goals and interests locally, regionally and at the State and Federal levels; to provide leadership to the organization; as well as parameters of NRS 318; and to coordinate activities with outside agencies and the community.

#### **SUPERVISION RECEIVED AND EXERCISED**

Receives policy direction from the Board of Directors. Exercises direct supervision over assigned management, supervisory, professional, technical and administrative support personnel.

#### **MANAGEMENT RESPONSIBILITIES**

Manager directs the daily administrative, operation, and maintenance of the water treatment and distribution, wastewater, and office operations. Duties include the ensuring all duties are completed in accordance with the organizations policies and procedures, applicable laws, and effective written or oral communications with public and staff under various circumstances.

#### **ESSENTIAL FUNCTION STATEMENTS**

*Essential and other important responsibilities and duties may include, but are not limited to, the following:*

1. Develop, plan and implement District goals and objectives; develop and administer policies and procedures.
2. Coordinate District activities between departments and with outside agencies and organizations; provide staff assistance to the Board of Directors; prepare and present staff reports and other necessary correspondence.
3. Direct, oversee and participate in the development of the District's overall work plan; through subordinate Department Managers, assign work activities, projects and programs; monitor work flow; review and evaluate work products, methods and procedures.
4. Direct the development and administration of the District's budget; direct the forecast of additional funds needed for staffing, equipment, materials and supplies; monitor and approve expenditures; implement mid-year adjustments. Prepare and recommend to Board five-year capital improvement plans.

5. Select, train, motivate and evaluate personnel; provide or coordinate staff training; conduct performance evaluations; implement discipline procedures; maintain discipline and high standards necessary for the efficient and professional operation of the District.
6. Prepare and submit a wide variety of financial, administrative and operational reports to the Board of Directors; keep the Board of Directors advised on financial matters; regulatory issues, and the present and future needs of the District.
7. Coordinate with outside counsel on legal issues affecting the District; keep Board of Directors apprised as required.
8. Represent the District to elected officials, outside groups and organizations; participate in outside community and professional groups and committees; provide technical assistance as necessary. Coordinate with State agencies and County commissions concerning water and wastewater issues.
9. Research and prepare technical and administrative reports and studies; prepare written correspondence as necessary.
10. Receive, research and resolve the more complex or sensitive citizen inquiries and complaints.
11. Build and maintain a working environment of trust and teamwork; swiftly and effectively address issues that threaten a cohesive environment.
12. Build and maintain positive working relationships with co-workers, other District employees and the public using principles of good customer service.
13. Manager effectively uses Microsoft Office Word; Excel; Power Point, and Outlook and is proficient with the operation of computers and of modern office practices and procedures and possesses the ability to learn how to use software necessary to perform the tasks related to the job.
14. Perform as the Project Manager when capital improvement projects are implemented using contractors and subcontractors.
15. Perform related duties as assigned.

## **QUALIFICATIONS**

### **Knowledge of:**

- Principles and practices of modern and highly complex public utility administration, departments and services.
- Principles and practices of effective public relations and interrelationships with the community and local, regional, State and Federal agencies.
- Principles and practices of leadership, motivation, team building and conflict resolution.
- Pertinent local, State and Federal laws, rules and regulations.
- Organizational and management practices as applied to the analysis and evaluation of programs.
- Principles and practices of organization, administration and personnel management.
- Principles and practices of budget preparation and administration.
- Modern office equipment including use of applicable computer applications.

### **Ability to:**

- Plan, direct and control the administration and operations of the District.
- Prepare and administer the District budget.
- Develop and implement District policies and procedures.
- Supervise, train and evaluate assigned personnel.
- Gain cooperation through discussion and collaboration.
- Analyze problems, identify alternative solutions, project consequences of proposed actions and implement recommendations in support of goals.
- Interpret and apply District, local, State and Federal policies, procedures, rules and regulations.
